

TRIDENT^{PRO}

Universal Machine Detergent

A powerful dishwash detergent that leaves dishware sparkling clean whilst removing tea and coffee stains.

Suitable for use in all water conditions in all types of dishwashers.

CHEM000142

Directions

Dosage rates should be set based on the water hardness level.

Dosage rates - 2-4ml per litre dependent on water conditions.

An operating wash temp of 50°C-60°C is recommended.

For use via automatic dosing systems (internal or external).

A water softener is highly recommended in hard water areas.
